# Pre K Sight Word Worksheets

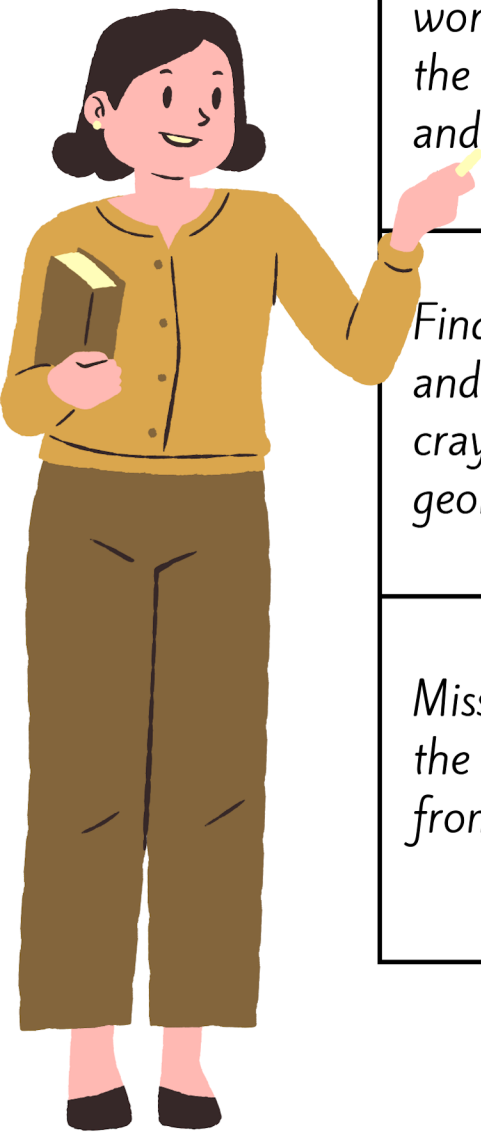

*Trace It - Write It - your child should trace the word on the left and write the word in the empty box provided on the right. The word is given three times for good practice.*

*Color the word - Let your child explore creativity and use some colors to finish this activity. To finish this color-the-word activity, take a crayon, a colored pencil, or a marker and fill colors in the letters without crossing the borders for fun.*

*Find the word and circle it - In this Find the word worksheet, your child will use observational skills to find the word. To finish this task, let your child find the word and circle it with a pencil.*

*Find and color the word - let your child find the word and color the geometric shape with a colored pencil or a crayon without crossing the borders of the given geometric shape.*

*Missing Letter - The memory game! Let your child fill in the blanks with missing letters to complete the word from the letter choices below.*
